WE GET IT.

CDW MEA Company Profile

CDW Middle East & Africa is different. The MEA office was established 15 years ago to provide a global partner for customers moving into the region. Finding the right partner to provide technology services is really tough, especially when you have diverse technology and multiple location needs. CDW MEA offers to be your single partner to get everything you need, wherever you need it. CDW MEA specialise in providing local management and expertise that can be expanded to cover global locations and 1000's of technology partners.

CDW MEA is part of the $20bn CDW Corporation, a global systems integrator. CDW has an international network and supply chain that sets it apart from other companies. The combination of size, reach and accreditation offered by CDW Corp with the local and regional knowledge needed to succeed in the MEA region makes us unique. Whether you are deploying a local solution and want the best supply chain to fulfill or have a global technology challenge that you want to manage locally, CDW is the perfect fit.

At CDW, we are People Who Get IT.
